MEMORANDUM FOR MSG/MMF

AUG 25 2004

FROM: MSG/SII

SUBJECT: Automated Technical Order Management System (ATOMS/D359) 2.0 SP2

I have reviewed the changes for Automated Technical Order Management System (ATOMS/D359) 2.0 SP2. These changes documented in the ATOMS release notes do not impact the current security safeguards identified in the System Security Authorization Agreement (SSAA). Recommend continual operation under the full accreditation dated 26 February 2004.

A handwritten signature in cursive script, reading "Gary Lammers".
